

PROJECT SUMMARY

Mobile Roadway Lighting LED Upgrade

City of Mobile, Alabama

PROJECT OVERVIEW

Project No.: 2021-2060-01

Project: LED Fixture Replacement for Interstate Street Lights

Project Description: Replacement of existing street light fixtures with an LED fixture along the interstate system inside the limits of the City of Mobile

InLine's teams provided LED Roadway Lighting upgrades along major interstate routes in Mobile on I-165, I-65, and I-10, **including the Bayway Bridge.**

Project involved the following:

1. Upgrade Roadway Lighting to LED Luminaires
2. Light Pole Replacements
3. Light Pole Foundation installations
4. Light Pole Wiring Replacements
5. Multiple Interstate Lane Closures

"Riding home from downtown heading west on I-10 turning north on I-65. In the past 10+ years, I've never driven this stretch of I-10 and seen all the street lights burning until tonight.

Thank you! Thank you! Thank you! **"**
Mayor Sandy Stimpson
